### Chinese Checkers

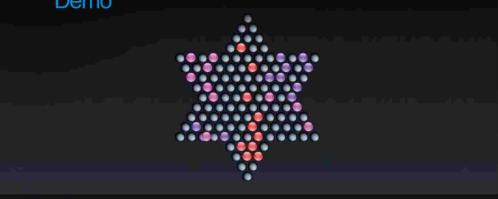

A piece hops over another piece, no matters the color.

You can chain several hops in a single move.

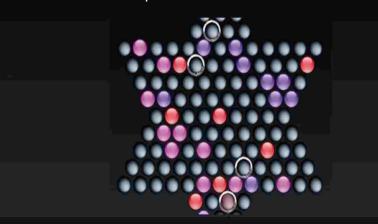

When starting the game you can choose between classic rules with short jumps vs fast-paced rules with long hops as illustrated above.

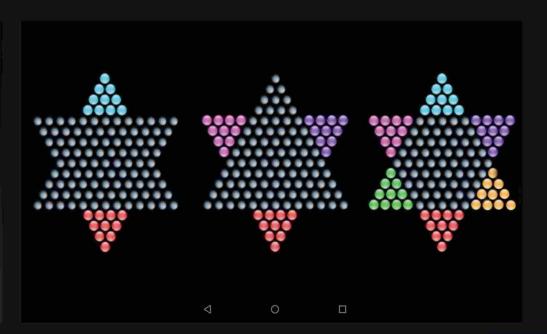

Demo

#### Chinese Checkers rules

Chinese Checkers is a board game. Every player has 10 pieces. The winner the one that first races his pieces across the board.

#### INSTRUCTIONS

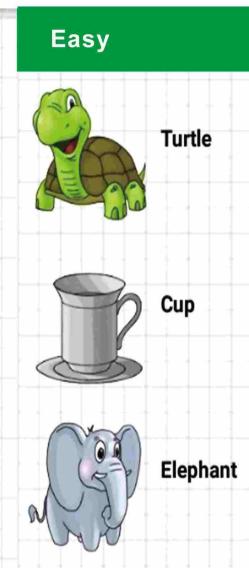

- Choose a grid size from 3x3 to 4x4. Then select a puzzle from 1 to 30 - the higher the number, the harder the puzzle.
- On the game page is a grid filled with numbers and a target number displayed in a green square. The target number is called Equa, which simply means the sum of an equation.

#### Instructions

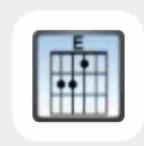

This feature shows you how to play different basic chords. You can play many famous songs with the chords displayed and they are ideal for making your own up, even if you don't have a guitar! The numbers on the right refer to the "fret" number. The circles

tell you where to place your fingers and which finger to use for that placement.

History

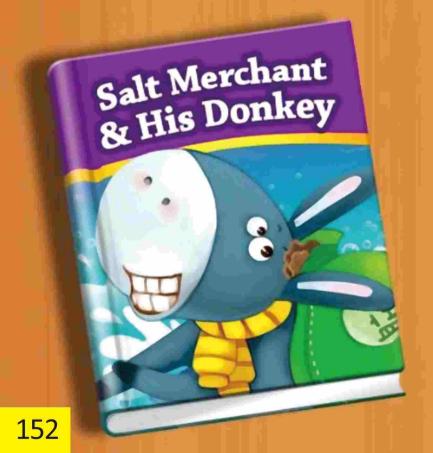

There once was a Lion who wanted to capture a Bull. However, the Lion was afraid to attack the Bull on account of the bull's great size. So the Lion decided to trick the Bull.

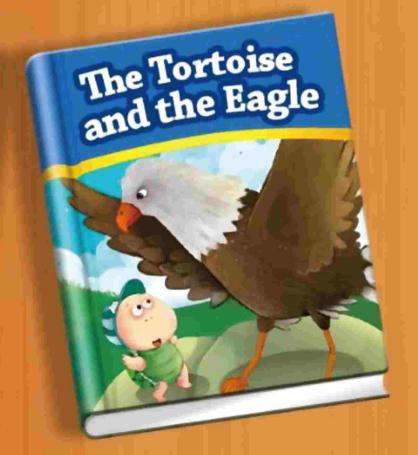

One day,a Merchant went to the other side of the river with his Donkey to buy some salt. After loading several heavy bags of salt on the Donkey's back, they turned and headed for home.

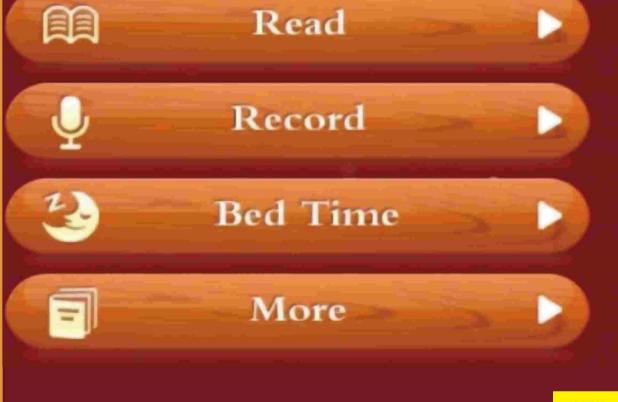

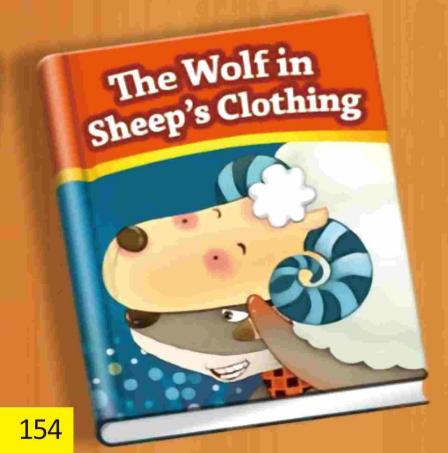

One day, the Tortoise was looking up at the clouds when he saw the Eagle flying in the sky. The Tortoise sighed, "How I wish I could fly in the sky just like the Eagle."

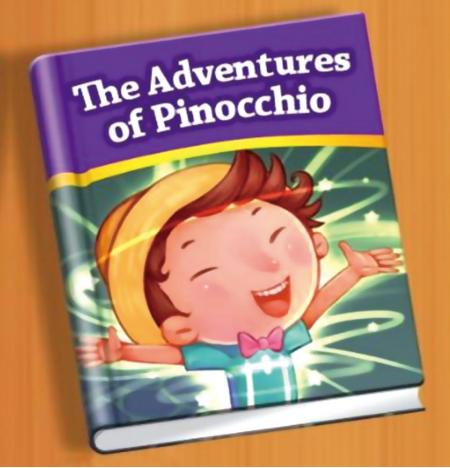

Once there was a Wolf who was always looking for food.

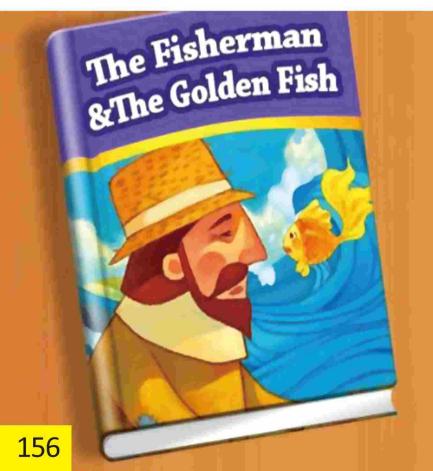

Once upon a time, in a small town lived a carpenter named Geppetto. He lived a very lonely life, so when Mastro Cherry learned of it, he gave him a piece of speaking wood and asked him to carve it into to a puppet to accompany him.

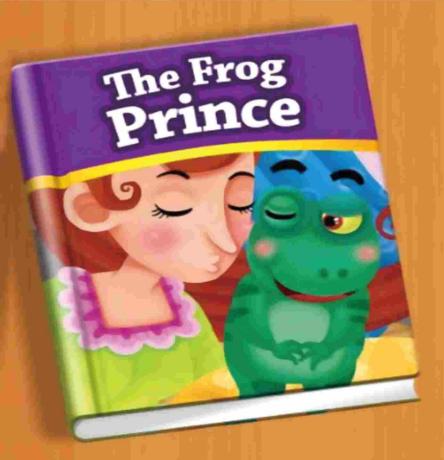

In a land far away dwelt a happy king who had eleven sons and one daughter. The princess was named Eliza. Eliza and her elder brothers led a pleasant life with their father.

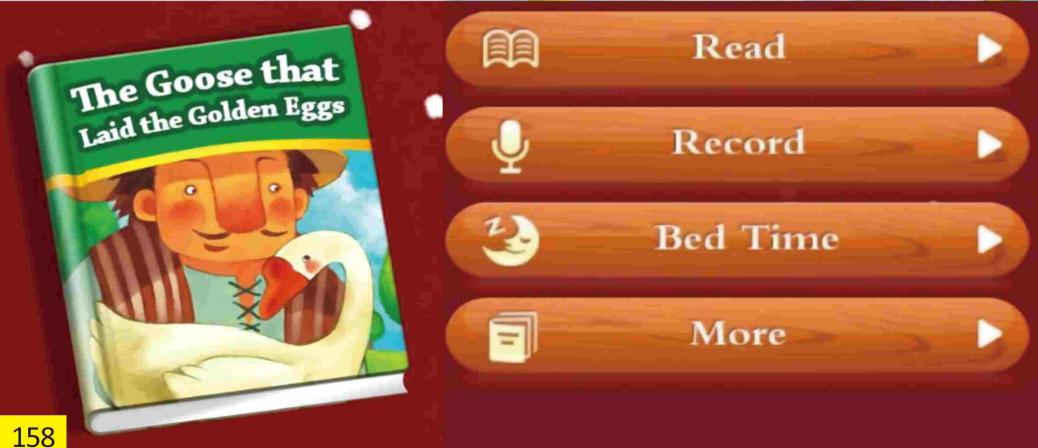

In olden times, when wishing still did some good, there lived a king whose daughters were all beautiful, but the youngest was as beautiful as a fairy that the sun itself marveled that every time it shone on her face.

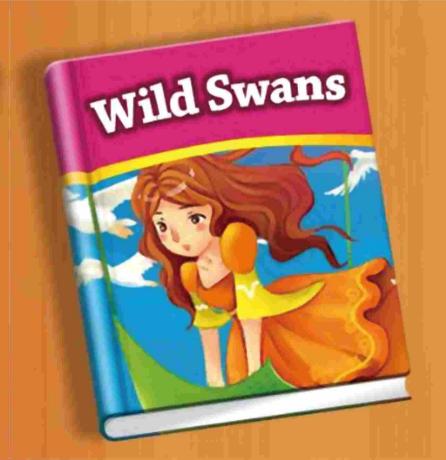

A long time ago, on a farm, there lived a very hard-working peasant couple.

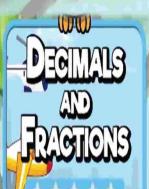

In a land far away dwelt a happy king who had eleven sons and one daughter. The princess was named Eliza. Eliza and her elder brothers led a pleasant life with their father.

# Learnit

# The Fun way to build a Strong Education Foundation

#### **FEATURES OF LEARNIT**

Learnit is manufactured with 190+ full version hands-on learning apps for Kindergarten and primary students to learn at their own pace and master: Reading, Writing, Comprehension, Maths, Science, Grammar, Languages, Music, Arts and More with 4 simple steps, TOUCH - LISTEN - Do-LEARNIT - without internet connection.

#### Parental Control:

Parents and teachers can manage how a child uses **Learnit** with time lock, Internet control access, privacy protection and more.

#### Assessment of Learnit Users:

Teachers will be able to track students performance and make changes where necessary.

#### **Learnit** Does More:

- > Connects to the Internet with wifi.
- ➤ Connects to 4G network (Digicel and Flow) with the use of 2 Sim Cards.
- > Zoom and Google Classroom Ready.

#### **Child Friendly:**

Requires little supervision. In class and remote learning.

#### MISSION STATEMENT

To help children from cradle to 6th grade excel in reading, writing, math, science and more by taking 4 easy steps

>Touch >Listen >Do >Learnit"

Learnit belongs in every class and in every child's hand!
